

TARANATHAS GESCHICHTE DES BUDDHISMUS IN INDIEN

"Give me my name, Rose," the girl said..looked him up and down and said, "One man works weather on this ship. If it's not me, I'm off." .He had just obtained, and was vastly proud of, an arcane treatise from Way concerning quicksilver..After a long pause he went on. "You know that a dragon brought back our Lord Sparrowhawk, with the young king, from the shores of death. Then the dragon carried Sparrowhawk away to his home, for his power was gone, he was not a mage. So presently the Masters of Roke met to choose a new Archmage, here, in the Grove, as always. But not as always..apart. They are safe from sea-pirates in Gont Port. I do want you to be safe. I do love to see your father happy and proud of you. But I can't bear to see you unhappy, without pride! I don't know. Maybe you're right. Maybe for a man it's only one thing ever. But I miss hearing you sing."..They could hear men's voices in the fields east of the Grove..The Years of the Kings of Havnor were a period of prosperity, discovery, and strength, but in the last century of the period, assaults from the Kargs in the east and the dragons in the west became frequent and fierce..Unfortunately the king's wizards, enraged at the attack on the heart of the kingdom and heartened by their victory in the Pelnish Sea, had taken the fleet on into the far West Reach and attacked the islets and rocks where the dragons raised their young, killing many broods, "crushing monstrous eggs with iron mauls." Hearing of this, Orm's dragon anger woke again, and he "leapt for Havnor like an arrow of fire." (Dragons are generally referred to both in Hardic and Kargish as male, though in fact the gender of all dragons is a matter of conjecture, and in the case of the oldest and greatest ones, a mystery.)..up whatever they could in the way of coppers and free beer. "They don't need a weatherworker on a night like this, and they haven't paid me yet," Medra said to his conscience. He had waked from his dream with the name Roke in his mind. Why had he never heard of the isle or seen it on a chart? It might be accursed and deserted as they said, but wouldn't it be set down on the charts?.His Herbal came back from the woods and sat down beside him on the bench a while. In the middle of the day he returned to the Great House, agreeing to come back with the Doorkeeper in the morning. They would ask all the other Masters to meet with them in the Grove. The spring wind blew strong, seaward, off Roke Knoll, blowing the water of the fountain astray. Up on the slope of the Knoll they could see a little group of people: a circle of young students learning how to do tricks of illusion from the sorcerer Hega of O; Master Hand, they called him. The sparkweed, past flowering, cast its ashes on the wind. There were streaks of grey in Ember's hair..She'd have thought being King in Havnor wasn't good enough for him.."When and where did we begin to go too far? But this gift, this undeniable gift t the rock hovering, the unblown fife -- Well, it would be wrong to make too much of it, but probably it should not be discouraged..Otter walked on a mile, brooding; then circled back, leading Licky to a hillock not far from the far end of the old workings. One of these differences may be, or may be indicated by, the lack of any kind of institutionalised religion. Superstition is as common as it is anywhere, but there are no gods, no cults, no formal worship of any kind. Ritual occurs only in traditional offerings at the sites of the Old Powers, in the great, universally celebrated annual festivals such as Sunreturn and the Long Dance, in the speaking and singing of the traditional songs and epics at these festivals, and, perhaps, in the performance of spells of magic..divided land. Men of arms didn't trust men of craft and didn't like to serve them. No matter what a mage's powers, unless he was as mighty as the Enemy of Morred, he couldn't hold armies and fleets together if the soldiers and sailors chose not to obey. People were in the habit of fearing and obeying Losen, an old habit now, and well learned. history in the Kargad Lands and of arcane mystery in the Lore of Paln, long ignored by the scholars of Roke, relate that in the earliest days dragons and human beings were all one kind. Eventually these dragon-people separated into two kinds of being, incompatible in their habits and desires. Perhaps a long geographical separation caused a gradual natural divergence, a differentiation of species. The Pelnish Lore and the Kargish legends maintain that the separation was deliberate, made by an agreement known as verw nadan, Vedurnan, the Division.
