

THE ABBEY OF BURY ST EDMUNDS HISTORY LEGACY AND DISCOVERY

whoever she may be, has no place among the men on Roke. Eh? The Windkey, the Chanter, the Changer, freely, as if they were not material..Rose was muttering a rote spell, but it was her hands and her little short sharp knife that did most of the work. The ewe bore the digging knife patiently, her opaque, amber, slotted eyes gazing into silence; only she stamped her small left front foot now and then, and sighed.. "What is it - what is it like - on Roke?". For a long time nobody would touch him. He had fallen down in a fit in San's doorway. He lay there now like a dead man. But the curer from the south said he wasn't dead, and was as dangerous as an adder. San told how Otak had put a curse on Sunbright and said some awful words that made him get smaller and smaller and wail like a stick in the fire, and then all in a moment he was back in himself again, but sick as a dog, as who could blame him, and all the while there was this light around the other one, Otak, like a wavering fire, and shadows jumping, and his voice not like any human voice. A terrible thing.. After a while she heard the latch rattle. The door opened. An ordinary-looking middle-aged man stood there. "What can I do for you?" he said. He did not smile, but his voice was pleasant.. household, told the Master that it was time his daughter had her naming day. They asked should.. beer. They sat unspeaking. The crisis passed. Heleth relaxed a little and even smiled. "Very old stuff," it galled him.. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (26 of 111) [2/5/2004 12:33:30 AM]. Why have I the power if I cannot use it? So he began to call the living to him, those at Roke whom he feared, thinking them rivals, those whose power he was jealous of. They spent ten years together fighting the Kargs, whose occasional forays from the East had in recent times become a slave-taking, colonising invasion. Venway, Torheven and the Torikles, Spevy, Perregal, and parts of Gont were under Kargish dominion for a generation or longer. At Shelieth on Way, Erreth-Akbe worked a great magic against the Kargish forces, who had landed in "a thousand ships" on Waymarsh and were swarming across the mainland. Using an invocation of the Old Powers called the Waterlore (perhaps the same that Elfarran had used on Solea against the Enemy), he turned the waters of the Fountains of Shelieth-sacred springs and pools in the gardens of the Lords of Way-into a flood that swept the invaders back to the seacoast, where Maharion's army awaited them. The cat's dreams came into his mind, in the low fields where he spoke with the animals, the dusky places. The cat leapt there, and then there was milk, and the deep soft thrilling. There was no fault, only the great innocence. No need for words. They would not find him here. He was not here to find. There was no need to speak any name. There was nobody but her, and the cat dreaming, and the fire flickering. He had come over the dead mountain on black roads, but here the streams ran slow among the pastures.."All the foreigners in one basket," said the taverner, and this was repeated that night at the tavern several dozen times, an inexhaustible source of admiration, the best thing anybody'd said since the murrain.."The art begins and ends in naming," he said, which indeed is true, although there may be a good.Dulse wandered about a bit before he found what he took to be the Dark Pond.
