Dragonfly peered close at Rose's work. Rose brought out a maggot, dropped it, spat on it, and probed again. The girl leaned up against the ewe, and the ewe leaned against the girl, giving and receiving comfort. Rose extracted, dropped, and spat on the last maggot, and said, "Just hand me that bucket now." She bathed the sore with salt water. The ewe sighed deeply and suddenly walked out of the yard, heading for home. She had had enough of medicine. "Bucky!" Rose shouted. Tuly shared it with him for a long time, since she could see her son only by lying to her husband, which she found hard to do. She wept to think of Diamond hungry, sleeping hard. Cold nights of autumn were a misery to her. But as time went on and she heard him spoken of as Diamond the sweet singer of the West of Havnor, Diamond who had harped and sung to the great lords in the Tower of the Sword, her heart grew lighter. And once, when Golden was down 'at South Port, she and Tangle took a donkey cart and drove over to Easthill, where they heard Diamond sing the Lay of the Lost Queen, while Rose sat with them, and Little Tuly sat on Tuly's knee. And if not a happy ending, that was a true joy, which may be enough to ask for, after all.. "Wait here a little, if you please, Irian," the Doorkeeper said, and went into the room, leaving the door wide open behind him. She could see bookshelves and books, a table piled with more books and inkpots and writings, two or three boys seated at the table, and the grey-haired, stocky man the Doorkeeper spoke to. She saw the man's face change, saw his eyes shift to her in a brief, startled gaze, saw him question the Doorkeeper, low-voiced, intense.. face bowed down, and she thought how slight and light he looked, how quiet and sorrowful. There. It was mere cowardice to keep from Havnor, now-fear for his skin, fear lest he find his people had died, fear lest he recall Anieb too vividly.. The Master of Iria of Westpool, Birch, didn't own the old house, but he did own the central and richest lands of the old domain. His father, more interested in vines and orchards than in quarrels with his relatives, had left Birch a thriving property. Birch hired men to manage the farms and wineries and cooperage and cartage and all, while he enjoyed his wealth. He married the timid daughter of the younger brother of the Lord of Wayfirth, and took infinite pleasure in thinking that his daughters were of noble blood.. "To say?".. but he did. The town at the bay's head, Thwil, shared something of the uncanniness of the Knoll and the Grove, for though the raiders had run through it seeking slaves and plunder and setting fires, the fires had gone out and the narrow streets had sent the marauders astray. Most of the islanders who survived were wise women and their children, who had hidden themselves in the town or in the Immanent Grove. The men now on Roke were those spared children, grown, and a few men now grown old. There was no government but that of the women of the Hand, for it was their spells that had protected Roke so long and protected it far more closely now.. He must ask Master Birch to provide him an advance on his salary to pay for ship-passage and lodging, for a wizard of Roke should not take advantage of people's willingness to give him whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to give Ivory a purse for his journey. It was the first real money he had had in his pocket for years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on the other in honour of King Lebannen.
